Ashwaubenon's Valley View Elementary Hosting UW-Madison 'Wonders Of Physics' Show

Ashwaubenon, WI – March 2, 2012 – On Tuesday, March 6th, Ashwaubenon's Valley View Elementary School is hosting a 'Wonders of Physics' show conducted by University of Wisconsin-Madison Outreach Coordinator Mike Randall. The educational show demonstrates physics in the natural world, helping people better understand the world around them. The hour-long show will be presented at 10:45 a.m. for Grades 4-5 and at 12:45 p.m. for Grades 1-3.

Demonstrations will cover the six main areas of classical physics: Motion, Heat, Sound, Electricity, Magnetism, and Light. The shows will be fun, surprising and interactive since they involve volunteers from the audience.

This event has been organized by the Valley View Enrichment committee, which provides opportunities throughout the year to enrich the academic programming of students through assemblies and other activities.

For more information, please contact Rhonda Richlen, Valley View Elementary School World Language Teacher, at 920-492-2935 extension 3115 or richlen@ashwaubenon.k12.wi.us.
