

Dear Parents and/or Guardian:

Keeping our kids safe in and around school zones is everyone's concern. Every time a child is injured or killed by an unintentional injury, everyone suffers; the child, their family, classmates, friends and the entire community. Prevention and safety of children is not the responsibility of one entity. Schools, city and county officials, parents and the community all have a role.

Let your neighbors, friends and children know that you care about the safety of our children. Please sign the Safety Pledge below and display the Ashwaubenon Safe Routes to School decal on the back window of your vehicle.

Please pledge to adopt these simple guidelines to ensure the health and safety of our children and community:

I will drive within the posted speed limit on village streets.

I will drive with respect around all roadway users, particularly pedestrians and bicyclists.

I will treat people walking and bicycling with respect and will share the road safely with them.

I will give myself enough travel time so that I'm not sacrificing courtesy or safety.

I will not be pressured by others' impatience to drive above the posted speed limit.

I will not text while driving.

When possible, I will choose to drive less by walking or biking to reduce traffic congestion, save money, and improve the environment.

I will display the Ashwaubenon SRTS decal on my vehicle and encourage others to join.
