Ashwaubenon High School Teens Host 4 Year-old Kindergarten Students

Ashwaubenon, WI - March 13 2013 – Energy and enthusiasm reigned as Ashwaubenon High School physical education students guided district 4 year-old Kindergarten (4K) students through a series of physical activities on Tuesday, March 5, at the Ashwaubenon High School field house. The four and five year-olds literally jumped in excitement as they began warm-ups and various other activities. The program encourages physical fitness with high school students acting as group facilitators and student role models.

While 4K students enjoyed playing parachute activities, scooter games, beach ball volleyball, bowling and more, high school helpers got a workout while supervising the energetic youngsters. Grins of both younger and older students reflected the mutual fun and learning that took place.

4K students are invited to attend such an event twice each school year with the students enjoying indoor gym activities in winter and outdoor activities in late spring. The field trip is highly anticipated and popular with students each year.

For more information, please contact Maria Arena, Cormier School and Early Learning Center Principal, at 920-448-2875 extension 7002 or marena@ashwaubenon.k12.wi.us.
