### Minutes for Regularly Scheduled Board Meeting To Be Held in the District Office Board Room

## 1055 Griffiths Lane Ashwaubenon WI 54304 (Phone: 920.492.2900)

Wedn * * *	esday, August 17, 2022 * * * * * * * * * * * * * *	6:30 pm * * * * * * * * * * * * * * * * * * *
A.	Call to order: President VanI	Laanen called the meeting to order at 6:30 pm
B.	Roll call:	
	Board Members Present:	VanLaanen, Vyskocil, Garrigan, VandeWalle, VanDeKreeke
	Board Members Excused:	all present
	School Choice Advisory Repre	esentative: Matthew Rotter
	Other Present:	Kurt Weyers, Keith Lucius, Tammy Nicholson, Andy Bake, Megan Diedrick,
		Dirk Ribbens, Kris Hucek, Brian Carter, Michael Heim, Pete Marto

- C. Declaration of quorum: Quorum present
- D. Pledge of allegiance: The pledge was recited
- E. **Adoption of Agenda:** Moved Vyskocil, seconded by Garrigan to adopt the agenda as presented. Aye 5 (VanLaanen, Vyskocil, Garrigan, VandeWalle, VanDeKreeke), Nay 0. Motion carried 5:0

## F. Citizens and/or delegations:

- 1. <u>Public Forum</u> no issues presented
- G. **Consent Agenda:** Moved by VanDeKreeke seconded by Vyskocil to approve Consent Agenda items 1-6 as presented. Aye 5 (VanLaanen, Vyskocil, Garrigan, VandeWalle, VanDeKreeke), Nay 0. Motion carried 5:0
  - 1. Minutes of the regular meeting held on Wednesday, July 13, 2022
  - 2. Minutes of the executive session held on Wednesday, July 13, 2022
  - 3. The schedule of checks written 07/06/22 to 08/09/22
  - 4. Referendum check written 07/06/22 to 08/09/22
  - 5. Staffing: hirings, resignations, retirements, leave of absences
  - 6. There were 16 co-curriculars approved

## H. Superintendent's Report

- **Board / Administrative Retreat:** Thank you to the school board and administrative team for their dedication and commitment to excellence at the recent retreats. All of your extra efforts, wonderful student-centered conversations, and engagement during these retreats are very much appreciated and recognized.
- <u>Village Sesquicentennial Celebration</u>: Weyers recognizes the Village for the week long 150th Celebration. He recognized Kristen Pfluger (Choir Director), Marc Jimos and Ellen Moon (Band Directors) who did an amazing job performing at the kick-off.
- **WASB Fall Meetings:** The WASB fall regional meetings are on Wednesday, October 5th, at the Rock Garden. If you are interested in attending, please let Jennifer know and she will register you.
- **Fall Co-curriculars at AHS:** Fall co-curriculars are underway at Ashwaubenon High School. It is important to note that all events are now cashless using an app called Ticket Spicket.

- <u>New Employee Orientation</u>: Last week, Thursday, August 12th, 15 new Ashwaubenon began their tenure in our school district at the New Employee Orientation. Once again, we feel we have hired some wonderful new staff members. High quality staff relates directly to the success of our most important commodity our students.
- **District-wide Continuous Improvement Retreat:** We have changed the name of student data examination from Data Retreat to Continuous Improvement Retreat, because we want to emphasize to everyone that this is an ongoing process and not a two-day event. Last week, over 50 staff and administrators met to look at student data and building/district goals. We discussed core instruction and barriers to learning, how to meet the needs of all students so we engage all students in learning, and training to build staff awareness so we can build more connections with students. All of these strategies fall under our PLC umbrella. We will be sharing our goals at the October school board meeting.
- **District wide Kick-off on Monday, August 22nd:** This years' kick-off will be on Monday, August 23rd at 8:00 in the Ashwaubenon Performing Arts Center. The board was invited to attend.

## I. Discussion/Presentation Items:

- 1. <u>Strategic Planning</u>: Weyers introduced Drew Howick from Howick Associates. Weyers stated that the board has inquired about the opportunity to be part of the strategic planning process. Weyers sought the planning services of Howick Associates. Drew presented to the board his strategic plan format and timeline for working with the board, administrators, school district and community in developing a long-term strategic plan. Howick stated that the plan developed is a long-term visioning session and not a short-term fix. Weyers stated we need community support in order for our system to be strong. Involving the community in this process gives them buy in to the plan. The board inquired how the overall team member are determined. Howick stated that is determined at a meeting with the board and administrators. It is felt that we need to make sure that everyone is represented, has a voice and is heard. Weyers will schedule a meeting for Howick to meet with the board and administrators to create a design team. The community meeting is scheduled at the Ashwaubenon Community Center on March 1, 2 and 4, 2023.
- 2. <u>Annual Seclusions and Restraints Report</u>: Nicholson presented the Annual Seclusions and Restraint Report for the board to review. Board review is an annual requirement. She provided the data from the last 4 years for comparison.
  - The board noted that the overall numbers appear to be getting better. Nicholson stated that this is partially due to training around being proactive, focusing on why the behavior is happening and working to deescalate the situation. The last resort in any situation is to use seclusion or restraints. Staff are trained to look at what the triggers are and how to do a directive approach.
  - How is the data captured? Staff fill out a form; this information is logged in Oasis. The form includes what activities were taking place before and during the behavior. Staff debrief on the situation.
  - Is Force used in these situations? Force has been a positive influence in these situations. She spends a lot of time at the alternative school, high school and Parkview. She has helped to deescalate situations.
  - This information is also shared and reviewed by the state. Nicholson will be sharing the information with staff over the next few weeks.
- 3. **Mental Health Update**: Nicholson and Diedrick provided the board with an update on student mental health. They stated that the mental health referendum support could not have come at a better time with the onset of Covid and the changes that came along with it.

- YBRS was given to grade 6-12 right before Covid and again this past fall. This survey is given every two years.
- The district will be receiving county and state data within the next few months. It will be used to compare to the district's data.
- Nicholson review the data with the board. The YBRS data is completely anonymous.
- The Panorama Survey is given in grades 3-5. The Mental Health Grant funds were used to trial this program.
- This survey focuses on determining is a student has coping skills.
- Data is only shared with those that need it (i.e. teachers can only see their students, principals can only see their school). Students are aware of this prior to taking the survey.
- Data was share with the board.
- Data from both of these surveys is used to guide our work. They spoke about the role of staff in the survey, staff training and resources.
- They spoke about SBIRT (Screen, brief intervention, referral to treatment) for AODA violations. 6-12 social workers and counselors are trained in SBIRT. SBIRT gives a good picture as to why a student is using and helps them work on the root causes for using.
- SHAPE system helps the district to evaluate ourselves and identify areas of need.
- Nicholson and Diedrick share what the district will focus on for 22-23.
- 4. **Referendum Update and Survey:** Lucius stated that the district is considering going to referendum in April 2023. It will be working with School Perceptions to explain to the community the district's budget situation, present a number of different referendum options and survey the community to see if they would support a referendum.
  - Lucius stated that if the district goes to referendum and it does not pass, we must prepare for larger cuts.
  - Lucius shared the timeframe for going to referendum (developing survey, survey, referendum question, community information meetings, etc.).
  - The survey needs to be kept small.
  - The first community information/feedback meeting is on September 28<sup>th</sup> at 6:00 pm at the Ashwaubenon Community Center.
  - The survey is completely anonymous with the district only getting the cumulative results.
  - Lucius shared with the board a sample of the possible survey for board feedback. The board recommended removing option 3 from the survey.
  - The community will be informed that if the district gets more money from the state, they will no use the referendum funds.
  - Felt the community should be informed of the status of the current referendum and when it is due to drop off. They should also be reminded that the promises made regarding the current reference have not only been met but have also exceeded what we promised.
  - The community needs to be aware that the district like everyone has experienced inflation but has not received aid to compensate for increase costs.

## J. Action Items:

## K. Board & Superintendent Communications:

• **<u>COVID Mitigation Strategies</u>**: The health plan for the 2022-2023 school year is finalized and includes a number of communicable diseases, one of which is COVID. We are not classifying COVID along with

numerous other illnesses in our plan. I have given each of you a hard copy of our plan that will be on our website along with being shared with families.

### L. Future Board Meetings & Topics:

- The next board meeting is <u>scheduled</u> for **Wednesday**, **September 14**, **2022**, at 6:30 pm the District Office; 1055 Griffiths Lane; Ashwaubenon, WI.
- M. **Adjournment:** Moved by VandeWalle, seconded by VanDeKreeke to adjourn the meeting at 8:40 p.m. Aye 5 (VanLaanen, Vyskocil, Garrigan, VandeWalle, VanDeKreeke) Nay 0. Motion carried 5:0

Respectfully submitted,

Jennifer Vyskocil

# **Discussion Item: 1**

# Ashwaubenon School Board

Meeting Date:	Sept. 14, 2022
Issue:	Early College Credit - Start College Now update
Requested By:	Dirk Ribbens, Andy Bake
Attachments:	None
Financial and/or Staffing Implications: Funding Source:	Decrease in cost to district
Explanation:	There have been some changes in the ECC/SCN guidelines, allowing our school greater leverage in determining which ECC/SCN courses are to be paid in full, in part, or not at all.
Recommendation:	Update and discussion only

# Action Item: 1

# Ashwaubenon School Board

Meeting Date:	Wednesday, September 14, 2022
Issue:	Board Resolution Item: Graduation Requirements
Requested By:	Cassie Schneider & Tammy Nicholson
Attachments:	none
Financial and/or	none
Staffing Implications:	
Funding Source:	N/A
Explanation:	Administration is asking the board to pass a resolution that permits credits to be earned by demonstrating competency of standards.
Recommendation:	pass the resolution as written.

# Action Item: 2

# Ashwaubenon School Board

Meeting Date:	Wednesday, September 14, 2022	
Issue:	Board Policy modification: Graduation Requirements	
Requested By:	Cassie Schneider & Tammy Nicholson	
Attachments:	policy #5460 & policy #5461	
Financial and/or Staffing Implications:	none	
Funding Source:	N/A	
Explanation:	Follow up to the 509 pilot discussion from winter of 2022. These changes add language that allows us to work with NWTC to implement the 509 option for students. This will be an added option to our equitable multi level systems of support at the HS to address students at risk of not graduating from high school.	
Recommendation:	Recommendation is for the Board to waive the first read and approve policies as presented.

Title	GRADUATION REQUIREMENTS
Code	po5460
Status	
Adopted	June 9, 2008
Last Revised	December 9, 2020
Prior Revised Dates	11/13/2019

### 5460 - GRADUATION REQUIREMENTS

It shall be the policy of the Board to acknowledge each student's successful completion of the instructional program appropriate to the achievement of District goals and objectives as well as personal proficiency by the awarding of a diploma at fitting graduation ceremonies.

A student must earn 28 credits, including the credit requirements set by State statute, to be eligible to receive a diploma, provided all other requirements as determined by the State and the Board are met. The Board requires the following credit requirements for a diploma:

English	4 credits
Mathematics	3 credits
Science	3 credits
Social Studies	3 credits
Health	0.5 credits
Physical Education	1.5 credits
Electives	13 credits

In order to earn a high school diploma, a student must successfully complete a civics assessment in accordance with State statute.

A student must also have participated in curriculum relating to financial literacy in order to earn a diploma

In accordance with State law, a Board may not grant a high school diploma to any student unless, during the high school grades, the student has been enrolled in a class or has participated in an activity approved by the Board during each class period of each school day, or the student has been enrolled in an alternative education program (defined in s. 115.28(7)(e)1) or is participating in a Board-approved program that allows a student enrolled in the high school grades who has demonstrated a high level of maturity and personal responsibility to leave the school premises for up to one (1) class period each day if the student does not have a class scheduled during that class period.

A student must successfully complete the community service requirement in order to receive a high school diploma.

The Board may approve a course or courses in career and technical education that it determines may satisfy up to a total of one (1) credit of mathematics and/or science credit.

The Board may waive graduation requirements, except for the core requirements, in exceptional cases to suit the needs of a student subject to Wis. Admin Code, §§ PI 18.03 and PI 18.04.

### Graduation Credit as a Middle School Student

The Board permits students in 8th grade to earn credit towards a high school diploma in any class taken that is approved by the Board for such purpose, provided that the student is academically prepared based on performance on approved student assessments. Any course designated for high school credit at the middle school level must be taught by a teacher with high school certification in the subject matter and must be taught using curriculum and assessments equivalent to those used in the subject at the high school level.

Credit may be earned in any subject area meeting the requirements under this policy.

Courses taken by middle school students for high school credit shall appear on the students' high school transcript, along with the grade received however the grade and class may not be factored into the students' high school grade point average.

The Board directs the Superintendent to develop appropriate courses after determining annually whether sufficient student interest and appropriate staffing justifies offering such course(s). The Superintendent shall establish procedures to determine whether a middle school student is academically prepared to take any course approved for high school credit.

### Additional Diploma Options

Board resolution adopted September 14, 2022, permits students to earn credit by demonstrating competency. If a student meets the criteria established, the course will be listed on the student's high school transcript and be used to meet the requirements for high school graduation.

### The Superintendent shall develop procedures for how students may qualify for credit under this process.

The Board authorizes the Superintendent to establish an alternative diploma program for students who meet the requirements of State law but not the additional elective credit requirements established for attainment of a regular high school diploma from the District. An alternative education program is defined as an instructional program, approved by the Board, that utilizes successful alternative or adaptive school structures and teaching techniques and that is incorporated into existing, traditional classrooms, or regularly scheduled curricular programs or that is offered in place of regularly scheduled curricular programs. "Alternative educational program" does not include a private school or home-based private educational program. (See Policy 2451)

The IEP team and any other necessary members will review the student's academic progress and the alternative achievement standards for graduation criteria.

#### **Students With Disabilities**

Students with disabilities who properly complete the programs specified in their I.E.P. and have received the recommendation of the I.E.P. Committee may participate in graduation activities and may be awarded a diploma (provided the student satisfied the District's high school graduation requirements) (see Policy 5460.01).

#### **Graduation Activities and Ceremony**

A student may be denied participation in graduation activities for disciplinary reasons and/or for non-payment of fees. The Superintendent and high school principal may establish additional requirements for participation in the graduation activities and may organize said activities to have the appearance and decorum deemed reflective of the District.

### **Policy Reporting and Review**

The principal of the high school shall prepare a report describing the District's policies on high school graduation standards, including a list of courses required under State law and the number of hours in each school term required to earn one (1) credit for those courses. Additionally, any change to the District's policies shall also be reported to the Department of Public Instruction or other appropriate agency after it has been approved by the Board and signed by the Board president, the Superintendent, and the principal. 9/8/22, 9:26 AM

Title CHILDREN AT-RISK OF NOT GRADUATING FROM HIGH SCHOOL

Code po5461

Status

### 5461 - CHILDREN AT-RISK OF NOT GRADUATING FROM HIGH SCHOOL

The Board shall establish programs to serve children in the District who are identified as "children-at-risk" in compliance with State statutes. This policy meets the requirements of State law which includes identifying and serving "children-at-risk" students as defined below:

Students who are at risk of not graduating high school because they are dropouts or are at least two (2) of the following:

- A. one (1) or more years behind their age group in the number of high school credits attained
- B. two (2) or more years behind their age group in basic skill level (math and reading)
- C. habitually truant
- D. parents
- E. adjudicated delinquents, and
- F. eighth grade students whose score in each area of the student assessment was below basic level of failing and eighth grade students that were not promoted to ninth grade

The District shall identify all children at-risk enrolled in the District. The District shall annually develop a plan describing how the Board will meet the needs of such students. Each plan shall be completed on or before August 15th of each year.

All programs and services developed for "children-at-risk" shall be designed to improve and expand educational opportunities for these children on an individualized basis, through a variety of means (e.g., additional instruction, differentiation, intervention), and provide alternative courses or program modifications which satisfactorily meet the District's graduation requirements.

Principals are responsible for identifying and addressing barriers to learning through a variety of strategies. The plan will communicate the structure, strategies, and program offerings for students at-risk which will vary by individual. Strategies for support, interventions, programs, and alternative educational options are made available to identified students and at all levels as needed.

The Board uses a Equitable Multi-Level System of Supports (EMLSS) Model that is designed as a continuum for Literacy, Mathematics, and Behavior. EMLSS is defined as a systemic process for achieving high levels of academic and behavioral success for all students through:

A. multi-level, high-quality instructional approach for general, at-risk, advanced learners and special education student needs;

- B. a balanced assessment system;
- C. collaborative practices.

The Board will make reasonable efforts to help each student acquire the necessary skills, concepts, and content of a course or subject area they are enrolled in through systemic practices of EMLSS. Student capabilities will be identified for EMLSS using multiple criteria in accordance with District guidelines. These guidelines are aligned with the Wisconsin Department of Public Instruction's recommendations.

### 9/8/22, 9:27 AM

### BoardDocs® PL

The District will maintain a EMLSS Framework and supporting documents which outline specific implementation procedures and guidelines that will be reviewed annually.

Parent involvement will be actively solicited to improve student success. Community service agencies' participation and partnerships will be encouraged and actively sought to meet student needs.

Students shall be identified and referred to these programs and services in accordance with State regulations and guidelines established by the administration.
