

# 2011-12 SCHOOL PERFORMANCE REPORT

May 2013

Dear Parents & Citizens,

Each year the state requires school districts to publish annual reports featuring information about how students are performing in school. We as educators use this information from year-to-year, to identify our students' academic strengths as well as areas in need of improvement. We are committed to making yearly, continuous progress in achievement and opportunities for all students.

**This year's report provides a reflection of our community's value for quality education. Our students' performance combined with responsible spending makes Ashwaubenon a great and desirable community in which to live and to learn.**

The State's Department of Public Instruction has an interactive version of the report on their website. The interactive version automatically gets updated as more data becomes available. It also allows you to select which data to view. The interactive version of the report is at <https://apps2.dpi.wi.gov/sdpr/>.

The data shown in this report is for the 2011-2012 school year and includes comparisons to schools in our athletic conference, the Fox River Classic Conference (FRCC).

If you have any questions regarding this report, feel free to contact me at 920-492-2905 extension 1003, or email me at [bhanes@ashwaubenon.k12.wi.us](mailto:bhanes@ashwaubenon.k12.wi.us).

Sincerely,

*Brian Hanes, Ph.D.*  
Superintendent of Schools

## Wisconsin District and School Performance Reports

Each year, DPI provides public performance reports for all public schools and districts in Wisconsin. The reports each address sections of state or federal reporting requirements. All reports-and the many and varied indicators contained within-should be considered when reviewing a school or district's annual progress. While some of the same data appears in multiple reports, each serves a distinct purpose under state and federal education laws. For additional information on a school or district, see the Data Analysis section of [WINSS](#).

### School Report Cards

Beginning in 2011-12, as part of the new state accountability system, the Department of Public Instruction (DPI) has produced report cards for every school in Wisconsin. These School Report Cards provide data on multiple indicators for four Priority Areas:

- **Student Achievement** – performance on the WKCE and WAA-SwD in reading and mathematics
- **Student Growth** – improvement over time on the WKCE in reading and mathematics
- **Closing Gaps** – progress of student subgroups in closing statewide gaps in reading and mathematics performance and/or graduation rates
- **On-track and Postsecondary Readiness** – performance on key indicators of readiness for graduation and postsecondary pursuits, whether college or career

### Wisconsin School District Performance Report (SDPR)

The SPR serves as a district's annual public report required under [s.115.38 WI Statutes](#) passed in 1991. The report covers a list of topics with comparisons to other districts in the same athletic conference:

- Achievement Test Results (grades 3, 4, 8 and 10)
- ACT, AP® Exam, Retention
- Attendance, Dropouts, Truancy
- High School Completion, Post-graduation Plans
- Program Offerings and Participation
- Staffing, Finance
- Suspensions and Expulsions

### ESEA Reporting

Federal reporting under the Elementary and Secondary Education Act (ESEA) includes requirements to report statewide test results for districts and schools, attendance, teacher qualifications data, graduation rates, and more. To find a specific type of statewide, district, or school data, click on a link below.

- [Attendance](#)
- [ESEA-Qualified Teachers by School Poverty Level](#)
- [Graduation](#)
- [NAEP Results](#)
- [State Test Results](#)
- [Teacher Qualifications](#)

### [State and Local Report Card Requirements Under the No Child Left Behind Act](#)

Using WINSS to meet other report card requirements not covered by the School Report Cards - District and school statewide test results, attendance, teacher quality data, graduation rates and much more can be found on the Wisconsin Department of Public Instruction WINSS web pages. A sample district web page with links to WINSS is provided here: [http://winss.dpi.wi.gov/winss\\_reportcard](http://winss.dpi.wi.gov/winss_reportcard)

### Historical Adequate Yearly Progress (AYP) Reports

Prior to the School Report Card under the new accountability system (see above), Wisconsin schools and districts received AYP reports each year. AYP reports and Districts/Schools Identified for Improvement from 2002-03 through the 2010-11 school years can be accessed here: <http://www2.dpi.state.wi.us/sifi/default.asp>.

### Special Education District Profile Reports

Federal reporting under the Individuals with Disabilities Education Act (IDEA) includes requirements to annually report district performance on education targets for indicators listed in the State Performance Plan. Indicators include graduation, dropouts, assessments, and more. DPI reports district data through the Special Education District Profile ([http://sped.dpi.wi.gov/sped\\_lpp-profile](http://sped.dpi.wi.gov/sped_lpp-profile)). Questions regarding the district profile should be directed to the Special Education Team at [dpisped@dpi.wi.gov](mailto:dpisped@dpi.wi.gov) or (608) 266-1781.

### Parental Choice Program Results

This link contains summary reports of performance on the WKCE and WAA-SwD for Milwaukee Parental Choice Program (MPCP) and Racine Parental Private School Choice Program (PPSCP) students. Data includes number enrolled, percent not assessed, and percentages of enrolled at minimal performance, basic, proficient, and advanced categories. Results can be accessed here: [http://oea.dpi.wi.gov/oea\\_mpcp\\_results](http://oea.dpi.wi.gov/oea_mpcp_results).

\*\* Total Expected to Complete High School is a count of students who were expected to complete high school in the year indicated whether or not the students actually did. This total includes actual high school completers, cohort dropouts and noncompleters who reached the maximum age associated with the constitutional right to a free public education. The cohort dropouts may include students who completed 8th grade and were expected to go on to 9th grade but did not. The 8th grade school may not include grade 12.
