

2024-25 Open Enrollment Application Form

Instructions for Completion

Wisconsin Department of Public Instruction
PI-9410 (Rev. 01-24)

NOTICE: You may apply for open enrollment online at <https://dpi.wi.gov/oe>. The online application will be available from midnight February 5, 2024, until 4:00 p.m. April 30, 2024. Online is recommended, if possible. If you are not able to apply online, you may apply with a paper form, as follows. However, you should not submit both an online and a paper application. A separate application form will need to be completed for each pupil.

Please read all instructions carefully. Missing or inaccurate information can cause problems handling the application and may even cause an approved open enrollment to be voided at a later date. If you have any questions, contact the open enrollment coordinator at the school district to which you are applying, or call an open enrollment consultant at the Department of Public Instruction at 888-245-2732, option 2.

1. **Pupil's Legal Name:** Provide the pupil's first name, middle name, and last name. Use the pupil's legal name for all applications for this pupil.
 2. **Provide the pupil's birthdate** (month, day, year) **and gender.**
 3. **Daytime Phone:** Provide a home phone number and a work phone number (if applicable).
 4. **Mailing Address and Street Address:** The mailing address is where you receive your mail. This is where the notices of approval or denial will be sent. If your mailing address is a post office box or different than where you actually live, also provide your street address.
 5. **Email Address:** Provide an email address.
 6. **Grade:** Indicate the pupil's grade in the 2023-24 and 2024-25 school years.
 - The open enrollment law limits the ability of pupils to participate for prekindergarten, four-year-old kindergarten, and early childhood education. To participate in these programs, the pupil's resident school district must offer the same type of program and the pupil must be eligible for the program in their resident school district. If your resident school district does not offer prekindergarten or four-year-old kindergarten, your application will be denied.
 7. **Optional. Race/Ethnicity:** Indicate the pupil's race/ethnicity. You may indicate all categories that apply to the pupil.
 8. **Nonresident School District:** This is the school district you want your child to attend.
 - You may apply to no more than three nonresident school districts for each pupil.
 - You may apply to no more than three nonresident school districts for each pupil if you wish to have your child attend school in a traditional brick and mortar school.
 - If you submit applications to more than three school districts to attend a traditional brick and mortar school, **all** applications will be declared invalid.
 9. If you are applying to a virtual charter school, check the box where indicated. There are no limitations to the number of open enrollment applications that can be submitted to a virtual charter school. A separate application must be submitted to each nonresident school district to which you are applying to attend a virtual charter school.
 10. **Resident School District:** This is the school district in which you will reside in the 2024-25 school year. You must indicate a resident school district; and the resident school district must be the same on all applications you submit. Do not leave this space blank, do not write "unknown," and do not indicate more than one resident school district. If you are planning to move, indicate the school district in which you expect to reside on September 20, 2024.

If you do not know the school district in which your home is located, contact the municipal clerk in your municipality to find out. Then verify by calling the resident school district.

If you are not sure what your resident district will be, you will have to make your best guess. If it is wrong, the Department of Public Instruction (DPI) can change the district to the correct one.
 11. **The public school district or private school your child is currently attending.** If your child is currently enrolled in a home-based private educational program, write "home-based."
 - **IMPORTANT NOTE:** If your child is currently enrolled in a private school or a home-based private educational program, you may apply for open enrollment. However, if your child participates in open enrollment in the 2024-25 school year, they may not be simultaneously enrolled in a private school or home-based private educational program.

12. *Optional.* You may request a specific school or program in the nonresident school district.
- However, assignment to the requested school or program is not guaranteed, and your child may be assigned to a different school than the one requested. You may indicate in the check box that you only wish to be considered for the school listed, however, if you do this: 1) your application may be denied even if there is space in another school in the district and 2) you may not be placed on a waiting list if the school district has one.

13. Answer all the yes/no questions.

14. You are responsible for transporting your children to and from school in the nonresident school district.

- If the pupil is eligible for free or reduced price meals under the federal school lunch program, you may apply to the Department of Public Instruction for partial reimbursement of your transportation costs.
- Following are the income guidelines for the federal school lunch program in the 2023-24 school year to assist you in determining whether you may be eligible for reimbursement.

Household Size	Gross Monthly Income	Household Size	Gross Monthly Income
1	\$2,248	5	\$5,418
2	\$3,041	6	\$6,210
3	\$3,833	7	\$7,003
4	\$4,625	8	\$7,795
<i>For each additional household member, add</i>			\$793

- If you wish to apply for reimbursement at the end of the school year, check “yes” on the form and provide the following information:
 - The number of pupils you will be transporting.
 - The number of miles in a round trip from home to school and back home again.
- You will still be able to submit a transportation reimbursement claim even if you check “no” on this application.
- The Department will send you information about submitting a claim for reimbursement of your costs. For an estimate of the amount of reimbursement you may receive (based on the number of miles and pupils for whom you provide transportation), go to our transportation webpage at <https://dpi.wi.gov/open-enrollment/application/transportation>.

15. The form must be signed by the parent or guardian. An 18-year-old pupil may sign their own form.

16. **Print legibly the name of the parent or guardian.**

INSTRUCTIONS FOR SUBMITTING THE FORM

- **Paper forms must be submitted to the school district office of the nonresident school district.** Do not take the form to your resident school district and do not mail the form to the Department of Public Instruction. IV. REASONS FOR APPROVAL AND DENIAL

Nonresident or Resident School District

- **Invalid application:** Early and late applications, applications that do not contain enough information to process them (including the names of the resident and nonresident school districts), and deliberately falsified applications.
- **Ineligible due to age:** A pupil must be four years old on or before September 1 in order to enter four-year-old kindergarten and five years old on or before September 1 in order to enter five-year-old kindergarten. School districts are not required to evaluate pupils for early admission but may do so per established district policy. Pupils 21 years and older may not participate in open enrollment.
- **Prekindergarten, four-year-old-kindergarten, early childhood education:** The pupil may transfer only if the resident school district offers the same type of prekindergarten, four-year-old kindergarten or early childhood education program and only if the pupil is eligible for the program in the resident school district.

Nonresident School District

- **Space is not available** in the school, program, class or grade.
- **Expulsion:** The nonresident school district may deny a pupil who is currently expelled or has been expelled within the current or preceding two years (for certain violent conduct).
- **Special education and related services are not available;** space in the special education and related services is not available, the pupil has been referred for a special education evaluation that has not been completed or the pupil has been found to have a disability but doesn't have a valid individualized education program (IEP).
- **Habitual truancy:** The nonresident school district may deny open enrollment to a pupil who has been habitually truant from the nonresident school district during any semester of the 2022-23 or 2023-24 school year.
