April Ashwaubenon High School Art Student of the Month

Ashwaubenon, WI – May 6, 2019 –Congratulations to Jaden Oshefsky for receiving the Ashwaubenon High School Art Student of the Month for April. Jaden is being recognized for his creativity, work ethic, and being a positive role model in the Studio Art classes.

What art classes have you studied at Ashwaubenon High School or in the community?

I have taken Drawing, Painting, Photography, Photoshop Fundamentals, Ceramics and, Studio Art classes.

What lessons have you learned from studying art?

I have learned that not everything can come from one place of inspiration. One hundred people could be given a subject and draw a hundred different things. It all comes from the inside.

How do you envision art as a part of your life?

I envision art as a getaway in my life. If something stressful is happening in my family or at school I can relax and create something that expresses my feelings.

Where do your ideas and inspiration come from?

A majority of my work is inspired by my mood and feelings. I love to listen to the rhythm and words of music and connect my work with my feelings. Many of my pieces are about finding myself. Growing up is difficult, not knowing what's going to happen next can be as exciting and scary. I explore these ideas in my artwork.
