

Careers on Wheels Volunteers Needed

Join us for an exciting morning with our first and second grade students for
Careers on Wheels!

May 8th

8:15 - 10:15

This event invites parents and community members to our school to show students their work vehicle and talk briefly about their job duties and career. Student groups will rotate with their teachers every 7-9 minutes, so multiple presentations will be done that morning. The event will be held outside from approximately 8:15 - 10:15.
