Hello families!

We've been making the most of the delicious food grown right here in Wisconsin this harvest season. One of my favorite fall foods is apples, so I was excited to celebrate the Great Apple Crunch in October! During the Crunch, schools across the Midwest crunch into apples from local orchards. To celebrate the Crunch at AHS, we bought two different apple varieties, Zestar and Cortland, from Theys Orchard in Luxemburg, WI. During their lunch, students had the chance to try both and vote on their favorite. The winner was Cortland!

The Harvest of the Month is cranberries, which student tried in November's taste test. Cranberries are full of antioxidants and Vitamin C. They're native to Wisconsin and are often eaten at Thanksgiving!

Anna & Emily

CRAVE CRANBERRIES

Select – Cranberries are available fresh, frozen, canned, dried, and as 100% juice. If selecting fresh, choose plump, firm berries with a deep red color.

Store – Refrigerate cranberries for up to 2 months or freeze for up to 9 months.

Prepare – Sort and discard bruised cranberries. Do not thaw frozen cranberries. Simply rinse the frozen berry and add to your favorite muffin or stuffing recipe.

Cranberries are The Harvest of the Month!

Add cranberries to your favorite family meals:

- Toss cranberries on oatmeal or cold cereal.
- Mix dried cranberries, raisins, cereal, and nuts for a healthy snack mix.
- Add cranberries to salads for a refreshing punch of tartness.

Make meals and memories together. It's a lesson kids will use for life.

Did you know?

Cranberries are the state fruit of Wisconsin! 62% of the cranberries grown in the United States come from Wisconsin.

Nutritious, Delicious, Wisconsin!
