YOUTH TACKLE

Grades 5th - 8th

Falcon Football, Inc. is a non-profit, full-contact program with a long history that dates back to 1941. Our mission is to instill character, leadership, good sportsmanship, and respect in youth from grades 5 through 8 while they learn the game of football. There is supervised training and conditioning, along with skills development in a competitive game setting. With hard work, participants can become strong members of the community both on and off the field. We emphasize that winning games is secondary, while understanding teamwork and leadership is our primary focus. The Falcons are members of the Great Lakes Independent Football Conference, which includes teams from Lakeshore, Fox Valley, Green Bay, and Upper Michigan. Our ultimate goal is to develop the skills necessary for future commitments to high school and college football teams.
