

The mission of the Ashwaubenon School District's (ASD) Safe Routes to School program is to enable and encourage children to walk and bicycle to school safely and enjoyably. The ASD will partner with student, parents, law enforcement and the Village staff and residents to identify and overcome the barriers of walking and biking to school in order to improve the overall well-being of our community.

Show **Jaguar Pride** by displaying ASD's Safe Routes to School design as a window cling on your vehicle and/or a yard sign for your home!* The design (shown above) was created with the help of Ashwaubenon Public Safety, the PTO and Pcto of Valley View and Pioneer Elementary Schools and WE BIKE, etc.

*Clings and yard signs are available for pickup at the School District Office and the Village Park & Rec Department.

When Safe Routes to School is paired with courteous, attentive driving, the result is Jaguar Pride!
