Ashwaubenon Celebrating Multi-use Improvement To Goelz Field

Ashwaubenon, WI – August 20, 2013 – Ashwaubenon’s opening game for the 2013-14 football season will kick off with a special celebration. Over the summer, Goelz Field was converted from a natural turf football field to a synthetic turf multi-use field. Thursday’s home game vs. Green Bay Preble will start with a 6:30 p.m. ceremony honoring the community committee that spearheaded the project and the private donors that contributed over \$900,000 to make this major improvement a reality. The project also includes new stadium lights which were purchased by the school district as part of their 5-year maintenance plan.

According to Dave Steavpack, AHS Associate Principal and Activities Director, “The multi-use facility will benefit a much higher number and wider variety of students, youth organizations and community groups. Ashwaubenon High School, Parkview Middle School and youth programs expected to benefit from the project include football, marching band, physical education classes, track and field, soccer, baseball and softball. The improved facility, which currently hosts other area events such as Special Olympics, football camps and track meets, will meet the requirements to host more WIAA tournament events.”

Committee members, donors and special guests are invited to attend a pre-game tailgate meal starting at 5:30 p.m. in the east end zone of the new field. At approximately 6:30 p.m. Superintendent Brian Hanes will introduce and thank the committee members and donors in front of the Jaguar fans.

Gates open to the public at 5:30 p.m. and the game starts at 7:00 p.m. Goelz Field is located on Anderson Drive in Ashwaubenon, adjacent to Ashwaubenon High School.

For more information, please contact Dave Steavpack, AHS Associate Principal and Activities Director, at dsteavpack@ashwaubenon.k12.wi.us or 920-492-2955 extension 5333.
