

# 2007-08 SCHOOL PERFORMANCE REPORT

May 2009

Dear Parents & Citizens,

Each year the state requires school districts to publish annual reports featuring information about how students are performing in school. We as educators use this information from year-to-year, to identify our students' academic strengths as well as areas in need of improvement.

**This year's report provides a reflection of our community's value for quality education. Our students' performance combined with responsible spending makes Ashwaubenon a great and desirable community in which to live and to learn.**

The format of the School Performance Report has changed over the years as the state has developed internet-based systems for data gathering and reporting. Since all of the data might not be available from the state when we publish this report, they have developed an interactive version of the report on their website. The interactive version automatically gets updated data as it becomes available and, it allows you to select which data to view. The interactive version of the report is at <https://wlds.dpi.wi.gov/spr/>. Another source of data is the state's Department of Public Instruction 'Wisconsin Information Network for Successful Schools' (WINSS) website at [www.dpi.state.wi.us/sig/](http://www.dpi.state.wi.us/sig/).

The data shown in this report is for the 2007-2008 school year and includes comparisons to schools in our athletic conference, the Fox River Classic Conference (FRCC).

If you have any questions regarding this report, feel free to contact me at 920-492-2905 extension 1003, or email me at [dschmidt@ashwaubenon.k12.wi.us](mailto:dschmidt@ashwaubenon.k12.wi.us).

Sincerely,

*David Schmidt*  
Superintendent of Schools

## Wisconsin District and School Performance Reports

Each year, two types of performance reports are created for all public school and districts in Wisconsin. The contents of each report are listed below. Both reports—and the many and varied measures of progress contained within—should be considered when reviewing a school or district's annual progress. While some of the same data appears in both the state and federal report, each serves a distinct purpose under state and federal education laws, and therefore it is recommended that readers consider them together, not independent of one another. For additional information on the district, see the Data Analysis section of [WINSS](#).

### State

#### Wisconsin School District Performance Report (SDPR)

The SPR was created in 1991 with the passage of [s.115.38 WI Statutes](#). It serves as a district's annual public school report. Below is a list of topics covered by the report with comparisons to other districts in the same athletic conference.

#### School District Performance Report (SDPR)

- Achievement Test Results (grades 3, 4, 8 and 10)
- ACT, AP® Exam, Retention
- Attendance, Dropouts, Truancy
- High School Completion, Post-graduation Plans
- Program Offerings and Participation
- Staffing, Finance
- Suspensions and Expulsions

District :

### Federal

#### ESEA Report Card

The federal Report Card includes data used for AYP and other related information. District and school statewide test results, attendance, teacher qualifications data, graduation rates, and much more can be found on the Wisconsin Department of Public Instruction [WINSS](#) webpages.

To find a specific type of data for your school, click on a link. [Graduation](#) | [Attendance](#) | [Statewide Test Results](#) | [Teacher Qualifications](#)

#### Annual Yearly Progress (AYP) Reports

Under the federal Elementary and Secondary Education Act (ESEA) No Child Left Behind (NCLB), all Wisconsin public schools and districts must meet the state's four Adequate Yearly Progress (AYP) objectives: Test Participation; Reading Performance; Mathematics Performance; and Graduation or Attendance.

- Test Participation Rates
- Reading Performance (grades 3-8 and 10)
- Mathematics Performance (grades 3-8 and 10)
- Other Indicator (Graduation or Attendance)

#### Accountability Reports

#### Special Education District Profile Reports

Further questions regarding the Local Performance Plans should be directed to the [LPP contact for the district](#).

The Department of Public Instruction (DPI) has made a reasonable effort to ensure that the attached data/records are up-to-date, accurate, complete, and comprehensive at the time of disclosure. These records reflect data as reported to this agency by the educational community we serve for the reporting period indicated. These records are a true and accurate representation of the data on file at the DPI. Authenticated information is accurate only as of the time of validation and verification. The DPI is not responsible for data that is misinterpreted or altered in any way. Derived conclusions and analyses generated from this data are not to be considered attributable to the DPI. Willful intent to alter and intentional tampering with public records is punishable under s. 946.72, Wis. Stats. Offenses against computer data and programs are punishable under s. 943.70 (2), Wis. Stats.
