

2010-11 SCHOOL PERFORMANCE REPORT

May 2012

Dear Parents & Citizens,

Each year the state requires school districts to publish annual reports featuring information about how students are performing in school. We as educators use this information from year-to-year, to identify our students' academic strengths as well as areas in need of improvement. We are committed to making yearly, continuous progress in achievement and opportunities for all students.

This year's report provides a reflection of our community's value for quality education. Our students' performance combined with responsible spending makes Ashwaubenon a great and desirable community in which to live and to learn.

The format of the School Performance Report has changed over the years as the state has developed internet-based systems for data gathering and reporting. Since all of the data might not be available from the state when we publish this report, they have developed an interactive version of the report on their website. The interactive version automatically gets updated data as it becomes available and, it allows you to select which data to view. The interactive version of the report is at <https://apps2.dpi.wi.gov/sdpr/>. Another source of data is the state's Department of Public Instruction 'Wisconsin Information Network for Successful Schools' (WINSS) website at <http://dpi.wi.gov/sig/>.

The data shown in this report is for the 2010-2011 school year and includes comparisons to schools in our athletic conference, the Fox River Classic Conference (FRCC).

If you have any questions regarding this report, feel free to contact me at 920-492-2905 extension 1003, or email me at bhanes@ashwaubenon.k12.wi.us.

Sincerely,

Brian Hanes, Ph.D.
Superintendent of Schools

Wisconsin District and School Performance Reports

Each year, two types of performance reports are created for all public school and districts in Wisconsin. The contents of each report are listed below. Both reports—and the many and varied measures of progress contained within—should be considered when reviewing a school or district's annual progress. While some of the same data appears in both the state and federal report, each serves a distinct purpose under state and federal education laws, and therefore it is recommended that readers consider them together, not independent of one another. For additional information on the district, see the Data Analysis section of [WINSS](#).

State

Wisconsin School District Performance Report (SDPR)

The SPR was created in 1991 with the passage of [s.115.38 WI Statutes](#). It serves as a district's annual public school report. Below is a list of topics covered by the report with comparisons to other districts in the same athletic conference.

School District Performance Report (SDPR)

- Achievement Test Results (grades 3, 4, 8 and 10)
- ACT, AP® Exam, Retention
- Attendance, Dropouts, Truancy
- High School Completion, Post-graduation Plans
- Program Offerings and Participation
- Staffing, Finance
- Suspensions and Expulsions

School Year :

District :

Federal

ESEA Report Card

The federal Report Card includes data used for AYP and other related information. District and school statewide test results, attendance, teacher qualifications data, graduation rates, and much more can be found on the Wisconsin Department of Public Instruction [WINSS](#) webpages.

To find a specific type of statewide, district, or school data, click on a link.

[Graduation](#) | [Attendance](#) | [State Test Results](#) | [Teacher Qualifications](#) | [ESEA-Qualified Teachers by School Poverty Level](#) | [NAEP Results](#)

Adequate Yearly Progress (AYP) Reports

Under the federal Elementary and Secondary Education Act (ESEA) No Child Left Behind (NCLB), all Wisconsin public schools and districts must meet the state's four Adequate Yearly Progress (AYP) objectives: Test Participation; Reading Performance; Mathematics Performance; and Graduation or Attendance.

- Test Participation Rates
- Reading Performance (grades 3-8 and 10)
- Mathematics Performance (grades 3-8 and 10)
- Other Indicator (Graduation or Attendance)

Accountability Reports

Special Education District Profile Reports

Further questions regarding the Local Performance Plans should be directed to the [LPP contact for the district](#).

** Total Expected to Complete High School is a count of students who were expected to complete high school in the year indicated whether or not the students actually did. This total includes actual high school completers, cohort dropouts and noncompleters who reached the maximum age associated with the constitutional right to a free public education. The cohort dropouts may include students who completed 8th grade and were expected to go on to 9th grade but did not. The 8th grade school may not include grade 12.

Postgraduation Plans
