

Bus Rules Song

The children on the bus sit quietly, quietly, quietly, the children on the bus sit quietly all the way home.

The children on the bus keep hands to self, hands to self, hands to self, the children on the bus keep hands to self all the way home.

The children on the bus keep feet in seat, feet in seat, feet in seat. The children on the bus keep feet in seat all the way home.

The children on the bus sit on their bottom, on their bottom, on their bottom. The children on the bus sit on their bottom all the way home.
