

# Home Hazard & Safety Checklist

Work with your parents to make sure your home is fire safe!

- All the electrical outlets in my home are free of dangling cords.
- The multiple outlets, such as extension cords, have at least one and no more than two things plugged into them.
- Rubbish, such as old newspapers and oily rags, are properly disposed.
- Space heaters in our home are away from the wall and other items, such as drapes, furniture and papers.
- All flammable liquids in our home are stored in air tight containers and are away from heat sources.
- When there is an open flame in our house, it is well guarded. The fireplace has a screen. The candles are in holders. The matches and lighters are kept away from small children.
- All appliances (toasters, irons, griddles, etc.) are turned off and stored properly when not in use.
- We created an escape plan and practiced an escape drill (date) \_\_\_/\_\_\_/\_\_\_.

We have \_\_\_ fire extinguishers in our home.

We have \_\_\_ working smoke detectors in our home (with batteries),

We checked the battery in the smoke detectors (date) \_\_\_/\_\_\_/\_\_\_.
